Shipping costs are calculated based on weight rather than per item, ensuring you receive the most cost-effective rates for delivery.

Our Carriers

United Kingdom

In the UK, our shipping partner Amazon Logistics allows us to offer two efficient delivery services:

- Amazon 24 Tracked: Ensures next working day delivery following despatch.
- Amazon 48 Tracked: Guarantees delivery within two days from despatch.

Additionally, weekend deliveries for both Saturday and Sunday are provided as standard at no additional cost, along with free insurance coverage up to £25.00 for your peace of mind.

We pride ourselves on providing some of the most competitive shipping rates in the industry, using a weight-based system to maximise value. For instance, our t-shirts, weighing 199 grams each, can be shipped in quantities of up to 10 for a next-day delivery fee of just £3.65.
